Syncordia Announces New Chief Technology Officer

World Class Execution relies on World Class Talent

TORONTO, ONTARIO – May 9, 2016 – Syncordia Technologies and Healthcare Solutions, Corp. (TSXV: SYN) ("Syncordia" or the "Company") today announced that it has hired Chief Technology Officer, Andy Tran.

Mr. Andy Tran, has over 21 years of hands-on experience in the technology industry. His vertical experiences include software-as-a-service (SaaS), print-and-fulfillment, healthcare, and financial services. Prior to joining Syncordia, Mr. Tran held senior management positions at leading companies including Unisource, Bertelsmann, Microsoft, and the Travelers. He has been instrumental to the conceptualization and architecture of many industry-changing Cloud-based Online and Mobile products. The last 15 years he has been hands-on in Start-Ups, Turnarounds, and Mergers & Acquisitions.

In his spare time, Mr. Tran loves tinkering with new technologies while trying to improve his golf game on the weekends. Mr. Tran holds a Bachelor of Science degree in Computer Science from the University of Minnesota and received his Masters in Business Administration from Texas A&M University.

Mr. Franks CEO of Syncordia added "We are very pleased to have Andy joining our executive team. We took the extra time required for Andy to meet the team and understand the Syncordia DNA and the vision for Syncordia Cloud before making the final hiring selection. Andy is off and running on our efforts to commercialize many aspects of the Syncordia Cloud."

About Syncordia Technologies and Healthcare Solutions, Corp.
We are a technology enhanced revenue cycle management ("RCM") company focused on underserved niche segments of the healthcare industry. We are focused on using our proprietary software suite as an accelerator for growth. We are building a diversified software and services business by consolidating healthcare billing providers. Our growth strategy is to acquire RCM businesses with and without software and, improve their profitability by increasing revenues and operating efficiencies using our software, and in time, commercializing the Syncordia Cloud, our cloud-based software offering, to provide customer demanded turn-key solutions from a single provider and to address compelling RCM market opportunities.
